

At 19, Matthew Kincaid may be young, but he's no novice to riding. Getting his first bike at age 13, a 1979 Suzuki TS125 2 stroke (which he still owns), Matt quickly developed a passion for buying and restoring motorcycles. Over the past six years, he's had nine bikes in all, including an '82 Suzuki GS750L and a '95 Yamaha FZR600. His latest ride is this hot-looking 1994 Yamaha YZF750R, featuring a Hindle full exhaust, Jet kit and K & N intake. You'll probably catch a glimpse of Matt riding this bad boy around the streets of Lawrence this spring, where he's a student at KU and proud member of Lambda Chi Alpha fraternity. You'd better look fast though; this bike's built for racing!
